

Since 1997, Our Saviour's Lutheran Preschool has been educating young children in Fort Collins. At OSLP we welcome children and families of all backgrounds and beliefs. Our classroom is busy with early literacy activities, math and numbers, theme-centered learning time, arts and crafts, and free play. The children also have fun on our large playground! Our pastors lead a weekly chapel time full of songs and stories. We are focused on creating a positive first-school experience, preparing children for kindergarten success, and celebrating this beautiful stage of childhood!
